### Saturday September 25

**Course Description:** The Rookard Pools Downtown Criterium is a 1KM 4-corner rectangular course. It takes place in the heart of historic Wenatchee over a six-block loop. A large beer garden near the Finish Line attracts hundreds of spectators. Elite categories can expect large cash crowd primes.

**Free Laps:** Up to two laps may be awarded riders suffering mishaps in the Criterium. A dropped chain is not a "mishap" per USA Cycling regulations. Riding backwards on the course is prohibited. Free lap eligibility ends when 8 laps to go are displayed on the lap board.

**Lapped riders** may be removed from the race by the Chief Referee near the Finish line. After half the race time has been completed, such removed riders will receive a pro-rated time and may start the next stage. Riders injured in a crash and unable to continue may be given a pro-rated time and allowed to start the next stage.

**Riders otherwise dropping out will be listed as "DNF" and will not be allowed to start the next stage.**
